

## Security Assessment

### Activities

- Vulnerability Assessment
- Penetration Testing
- Manual Audit
- Black-box & grey-box audit
- Application Security assessment
- Process & Policy Audits

### Scope

- Web Applications
- Servers
- Network
- Enterprise Applications

### Framework

- ISO 27001/BS7799
- PCI/DSS

### Benefits

- Quickly determine the major risks and vulnerabilities of the current infrastructure and services.
- Create the basis for developing a manageable improvement plan, and implement a staged improvement program.
- Identify high risk areas to be examined in subsequent in-depth assessments.
- Give key stake holders increased confidence that the organization is committed to maintain the Confidentiality, Integrity & Availability (CIA) of critical information assets.

## Security Implementation

Set up an Information Security Management System(ISMS), according to ISO 27001 requirements.

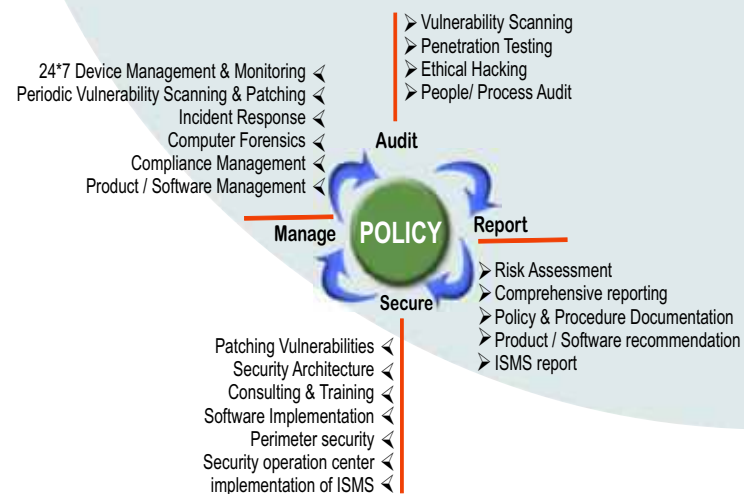

- Policy and Process design & Implementation
- Training & Awareness
- Business Continuity Planning
- Disaster Recovery Planning
- Setting up Security Operation Center

## Security Management

Using our proprietary audit & compliance management tool Appin Radar, we can manage your information security needs. Appin Radar, has been nominated as one of the "Best IT Implementations 2008" by PC Quest (May 2008). This sophisticated program allows us to monitor every single device or application on your network - all at one time, on one dash board.

### Services:

- Audit, Compliance & Vulnerability Management
- Patch Management
- Intrusion Management (IDS, IPS, Content Filter, Gateway Anti-virus, Anti-spam, Firewall)
- Monitoring of critical servers, applications and Devices
- Networking Monitoring
- Log Monitoring & Analysis
- Identity & Access Management
- Forensics & Incident Response
- VPN Management
- Data Encryption

*Dear Rajat,*

This is in reference to your visit to CBI on 12/10/2007 to interact with the investigators of the Cyber Crime Investigation Cell on the issue of hacking, phishing and botnets, etc. The interaction was highly beneficial and insightful

I thank you for your visit and hope that this would be only the beginning of a mutually beneficial relationship for the purpose of fighting Cyber Crime.

*With best wishes,*

Yours sincerely

(Rakesh Aggarwal)
